

Friends and Leaders,

The stories of folks having good fortune, daily empowerment, and life-enhancing experiences revolving around our Rainforest Herbs are affirming to me. It's been said many companies choose to no longer officially put these stories out and about. I'll gladly share the stories that have recently crossed my desk. Just handle the information carefully, and appropriately, please. If you have other short stories you might share this way, thank you, they will be appreciated, handled respectfully, and will be reciprocated as days go by.

The concern seems to be that others will use the stories to make claims. We are all grown ups—Just don't do that. Please do not use the stories to make claims. Just do NOT use them that way. Honor each person, and their health and individuality. We don't diagnose and we don't prescribe. Each body is different. Honor that. Read, enjoy, and think about how these products have made a positive difference in many lives. Apply your care and concern in helping others help themselves. Consider these stories to be "training stories" ones that build your understanding, and support your beliefs in the effectiveness of personal responsibility in creating a high level health and wellness approach to life.

Use stories and insights and sharings such as these for your entertainment, education, and to build a perspective that these Rainforest Herbal Products do indeed work daily with thousands to support ours/their miracle body, mind, and spirit. That's all—they support--, the source, the body and its' essence heals—

Enjoy the insights, accept the guidance, act appropriately, offer what we have too many—so that many can begin to resonate with our truly bio-energetic offering. Have Fun, Pay attention to what others want, Honor Others, Interact from your heart, and feel the credibility of our offering growing in you and yours.

Thank you. Enjoy. Thank you for all you do.

Ron

### **“Training Stories”**

#### **Skin Nutritional Support**

Wedding ring finger had rash and dry flakey skin itchy for past 6 months. Nothing was working. Ready to set appointment at dermatologist. Put the **CamuC** on one night. Next morning "Finger seemed to be glowing. Looked like nothing had happened."

#### **Skin Insect Stings and Nutritional Support**

I reached behind the freezer in the garage and was stung 5 times by yellow jackets. Within seconds my hand was red, swollen and itched tremendously. I instantly ran inside and swallowed at least 2 OZ of liquid **Recovazon** and dumped **Sangre de Drago** all over my hand - the swelling went down in front of my eyes and the itching subsided shortly after that. Fast relief - WHEW! Then I went in and took a swig of **Kavazon** to calm me down. Peacefulness set in shortly.

#### **Skin Nutritional Support**

Without a doubt, the **Camu C** has cleared my face.

#### **Wound Nutritional Support**

I injured my leg and it was bleeding. So I put "**Sangre de Drago**" on the wound and it stopped bleeding.

#### **Skin Nutritional Support**

One woman told of how she had had a cancerous mole on her scalp removed (16 stitches) and it grew back and they removed it again, the doctor saying that he expected it to return. Well it came back, along with another one that was forming and itching like it was going to be cancerous also. She made an appointment to have them removed 2 weeks hence. In the meantime her herbs arrived (**Fiberzon, Recovazon and Rainforest Tea**) and

after a week of taking just the minimum amount each day—the amount on the bottle, she realized that both moles and the itching had disappeared!!

### **Skin Burn Nutritional Support**

As I was dropping fish in a deep fryer, bubbling grease splashed on to fingers. Immediately treated with ice water and doused with **Recovazon**. Pain stopped immediately, redness gone in 3 hrs and no blister formed.

### **Skin Wound Nutritional Support**

Another lady at same pool had hand wrapped up in bandages. She was making Margaritas the week before and blender came apart with blades spinning into the palm of her hand. Had 60 stitches in the E-Room. Wounds were not healing and hand was very swollen with throbbing pain. Applied **Recovazon** and she shrieked with pain from the alcohol. About 10 minutes later she remarked that the pain from her major wound was gone and wanted to know where she could order. Gave her my bottle and she replaced along it with a Rainforest Health Pak order. One of my easier sales.

### **Wound and Bruises Nutritional Support**

I had a broken blood vessel in my finger and put **Sangre de Drago** on it before going to bed and again upon arising; the blood vessel had completely knit itself back together by about noon that day. Amazingly fast results! .

### **Skin Nutritional Support**

My skin is healthier, my nails are stronger, and my hair is growing back in where it was thinning along my hairline.

### **Face Wound Nutritional Support**

My son has a favorite sport involving acrobatics on the gymnastic ball. He can balance on his knees, jump from ball to ball, and assorted fun. His uncle was visiting two nights ago, and he got a bit carried away demonstrating his sport. He lost his balance and the corner of his orbital ridge came down hard on the corner of our piano. He got a bit of a gouge, bleeding and the makings for a good size bruise. I settled him down, held his head, and he went to sleep while I directed energy to his wound. Then I applied a few drops of **Sangre de Drago**, which woke him up protesting the sting. I explained the benefits he would get. The next day, the wound was barely discernable. At the Cub Scout meeting one of the boys told him he had a bit of chocolate on his face.

### **Animal Wound Nutritional Support**

I have used **Sangre de Drago** on a wound on my dog's paw that just wasn't healing, and it healed after two days. I had the same experience with using it on a facial wound on one of my cats.

### **Skin Holistic Nutritional Support**

A thirty-something male was beginning to show signs of pre-mature aging from stress and found pleasantly-surprising results from a few of our products. He knew our Amazon Products worked well from the inside, and has now found they work well on the skin, too. 2 squirts of **Camu-C Serum** and 3 drops of **Sangre de Drago**...Rubbed in one palm, and then spread on the face like aftershave. Done daily. The lines across his forehead went away. The stress lines around his eyes disappeared, and people remarked in a questioning manner, where had his deep crows feet flown away to. Comments about his radiant skin became common. He now keeps the two bottles ready to sample his clients as they make their complimentary comments.

### **Skin Holistic Nutritional Support**

Use an empty stevia bottle, and add 2teaspoons **Sumacazon**, 60-80 drops each of **Sangre de Drago** and **Stevia**. If someone has fair skin, cut back the Sangre de Drago if you wish. I'm amazed how quickly it soaks in. And I have it from a off-the-scale-picky-green-esthetician-who-does-not-want-anything-to-work-that-she-has-not discovered, that it immediately plumps wrinkles

### **Skin Nutritional Support**

My skin now, since using **Camu C** actually demonstrates a Radiance and at 71 that is Glorious

### **Skin Nutritional Support**

My husband has been using the **Camu C Serum** and people we have not seen in months comment on how much younger he looks now.

### **Skin Nutritional Support**

Lady by pool at my town house had a poison ivy rash. Applied **Recovazon** and pain and itching immediately vanished. She ordered a large bottle the next day.

### **Skin Burn Nutritional Support**

I put my hand flat down on a very hot grill and immediately rubbed liquid **Recovazon** all over it. The burning stopped immediately and I had no blisters. Everyone was amazed and began asking about the Recovazon.

### **Skin Nutritional Support**

Lady at my spa complained of nail fungus. Gave her some **Arcozon** and afterward the fungus disappeared and she ordered Rainforest Health Pack and is healthier each day.

### **Skin Nutritional Support**

One of my students had an extensive body rash that had eluded treatment for approximately twenty years. He had tried a variety of Western medical and assorted Holistic therapies, from cortisone therapy to several months of wheat grass juice and implants. With the support of one 2oz. bottle of **Una De Gato**, taking several squirts several times a day. the rash was gone in four days, and has not re-appeared. The student has since become a regular consumer of the **Rainforest health pak** and been free of the rash for the past three years.

### **Skin Nutritional Support**

I have had a liver spot on my face for approximately six years. It has recently faded away completely with the daily application of **Camu C**.

### **Animal Holistic Nutrition**

A new business associate relates the story of her dog not being able to walk up and down the stairs to her condo. For 2 years she has been carrying him up and down, his hips and joints were too painful to handle one step. He was loving, but sad, and continually uncomfortable. After less than one month of sampling a variety of doggie portions of **many of the Amazon Herbs**, pup now runs up and down stairs, is the playful one he has always been, and has a new lease on life. The new business associate says, "I would have never considered telling others about these herbs without personally experiencing their supportive power in my daily companion."

### **Animal Holistic Nutritional Support**

Boston terrier, which had arthritis in the back legs and couldn't walk, is now chasing the Chihuahua around the back yard, showing no signs of arthritis. Dog is drinking **Treasure Tea** and eating the herbs from used teabags sprinkled in his food.

### **Animal Holistic Nutritional Support**

My dog is **on almost all the formulas** (except for Fiberzon) and the vet says he looks HALF his age and it doing great. He's almost 14 yrs. old, she says he looks six.

### **Animal Nutritional Support**

My friend put liquid **Recovazon** in her dog's mouth. he had a sore hip. He now moves around effortlessly without discomfort.

### **Animal Holistic Nutritional Support**

I have customer, a professional rabbit breeder, who is very active in the livestock show circuit. "S" her French Lop-ear, a prize rabbit, was attacked by coyotes one night and lost a foot, causing the rabbit to have a stroke with paralysis from the neck down. After treatment with **Recovazon, Aquazon** and **Sumacazon** over a period of three months "S" recovered most of her muscular function with the exception of a slight limp on the paralyzed side.

### **Animal Holistic Support**

I put **Sangre De Drago** on my dog's teeth and the plaque comes off all by itself. He actually lets me do it too!

### **Animal Holistic Nutritional Support**

I have been giving a mixture of **Treasure Tea, Sangre de Drago, and stevia** to another of our cats who has red gums and bad breath, and we have noticed a dramatic improvement in the redness and smell of her breath.

### **Dental Nutritional Support**

An mature, but young-at-heart lady had her bottom teeth removed in readiness for a lower partial, she took **Recovazon** liquid 48 hrs prior to the surgery and every 2 hrs following for 3 days - she also rinsed her gums with it periodically (gel was not available at that time). The dentist has told her to just take liquids that day but by evening she was hungry for solid food and was able to eat comfortably. The dentist was amazed when she returned 3 days later for her fitting as there was no apparent swelling, redness nor had she experienced soreness - no need for any of the pain relievers he prescribed for her

### **Dental Nutritional Support**

After I went to the dentist to have my teeth cleaned. I put "**Sangre de Drago**" in my mouth. The pain and discomfort went away "immediately"

### **Dental**

One of the things I've ordered from time to time, and keep replenishing, is **Sangre de Drago**. The first benefit I realized from this wonderful product is using it as a dental aid. I've been plagued with periodontitis for a number of years and brushing with this product regularly has kept this annoying problem in check. I also have learned that it is beneficial for small cuts and abrasions, so I've always kept some on hand.

### **Dental Nutritional Support**

After a deep cleaning procedure I had severe bleeding and irritation. Symptoms disappeared by massaging with **Aquazon** paste and vitamin E.

### **Dental Holistic Nutritional Support**

Three months after deep cleaning, I was referred to a Periodontist for a "minor" treatment of gum infection so that a crown could be replaced. The Periodontist diagnosed severe bone loss and recommended surgery and bone grafts on all four quarters. On pre-surgical follow-up stated that even with surgery I had a 50% chance of losing my teeth. I cancelled surgery and aggressively massaged gums with **Sumacazon** and **Sangre de Drago**. I eat some of all of the Rainforest products. One year and half later I went in to have my teeth cleaned. Gum gap readings went from 9-13 to 3-5. The ENTIRE office staff wanted to know what I had done!

### **Dental Nutritional Support**

One new herb eater is experiencing an abscess on her gum and she says that the **Recovazon** has been the intervention in her get-healthy program that reduced the pain.

### **Immune System Nutritional Support**

Using **Digestazon Plus** (has protease) on an empty stomach - 2 to 3 enzymes a day several times a day, is a way to bring down aches and pains associated with the discomfort of colds and flus. The enzymes help to control inflammation. Also, the **Environzon** Formula and **Una de Gato** are great allies for everyone. Both formulas support the immune system.

### **Immune system Nutritional Support**

I gave a free tube of Recovazon Topical Gel to my sister to let her neighbor use in Chicago, because I wondered what it would do for the inflammation usually associated with shingles. After getting authorization from her doctor to use it, she said it made her pain go away, and though some irritation still exists, she said it is better than anything she got from the doctor.

### **Immune system Nutritional Support**

Woke up with a scratchy throat. Put some **Kavazon** and **Arcozon** in my morning glass of water. Lunchtime and I 'forgot' to notice that I was no longer on the verge of getting something.

### **Immune System Nutritional Support**

A friend called who had purchased the **Sangre de Drago** for a youngster about 10 years old who is challenged with AIDS. She was so excited to tell me that his viral count had gone from 170,000 down to 17,000. His mother said she was just giving it to him 3 days a week. WOW!!

### **Immune system Nutritional Support**

My sister was visiting this past October. She had warts on her hands and feet and ankle. I told her that I knew of some rainforest stuff that would probably help. She has tried "everything" (there's a story). Anyhow I sent her some **Sangre de Drago**. She just emailed me and said the one wart on her foot that was the size of a dime has shrunk considerably, 3 have healed and the others are shrinking. I find this rainforest stuff incredible.

### **Immune System Nutritional Support**

Another use for **Una de Gato**--one of my customers used a cotton swab to put it on warts and moles, soaked a band-aid and left it on for 2 days. She repeated this 3 times and the warts and moles were gone.

### **Immune System Nutritional Support**

Una de Gato is perhaps the most important botanical in the Rainforest due to its ability to enhance the immune system. The **Una de Gato / Honey Vinegar** formula also incorporates Organic Apple Cider Vinegar, an anti-microbial; and Wild Crafted Honey which contains a wide array of vitamins, minerals, antioxidants and amino acids. Una de Gato also helps with digestion and my help balance moods. Not all Una de Gato is "created

equal." You can trust your source with the Amazon Herb Company. I like to keep this around, especially during cold and flu season, to take if I start to get a 'scratchy' throat.

### **Immune System Nutritional Support**

My low white blood count has increased with my commitment to daily use of the **Rainforest Health Pak**.

### **Immune System Nutritional Support**

My mother just phoned and told me that last night she felt a sore throat coming on. She took some **Recovazon** liquid in water and then gargled with straight **Recovazon** and today there is no sign of a sore throat.

### **Immune System Nutritional Support**

It was time to concentrate on fast-growing, mutating cell challenge on the side of my head. Not one doubt from anyone that looked at it about what it was. Multiple, and liberal daily applications of **Una de Gato, Gravizon, and Recovazon** liquids were used... Over a two week period, with support from the **Rainforest Health Pak** products internally, and these 3 additional Herbal formulae, internally and topically---the growth first began to swell, then began to dry up and break apart, and then fell off. No reoccurrence has been seen in 2 years.

### **Immune System Nutritional Support**

Had a severe staph infection, which anti-biotic treatment made worse. After treatment with **Arcozon/Recovazon**, swelling disappeared overnight and healed in three days.

### **Immune System Nutritional Support**

picked up toenail fungus at health spa. Treatment with **Arcozon** and Tea Tree Oil reversed the growth and seems to be controlling the infection.

### **Immune System Nutritional Support**

Had a large tumor form on my lip after a cleaning session, probably from tool injury. Treatment with **Arcozon** and **Envirozon** stopped the infection immediately.

### **Immune System Nutritional Support**

One of my office staff had a canker sore recently; I had her apply **Recovazon** to it daily. The canker sore completely went away in three days.

### **Immune System Nutritional Support**

Flu and cold season always provides a great vehicle to experience first hand the benefits of our herbs. When students develop symptoms, I take them a side and give them assorted concoctions, I ask their body what is needed, generally I give them several squirts of **una de gato**, and perhaps some **aquazon, Arcozon, or Recovazon**. Whenever they are in class, I make up a supportive concoction to be taken until their symptoms abate. For most, the symptoms are gone in a few days, and some come back bragging that they recovered much more quickly than the other members of their family.

### **Immune System Nutritional Support**

Both husband and wife are successfully using a variety of Amazon Herbs for Hepatitis C. Both are doing better and feeling much better since they have been taking the **Rainforest Health Pak**. They have used the herbs for 3 months and their headaches are gone and less pain in their joints. He has also used the **Calmazon** for support.

### **Holistic Nutritional Support**

Having had 3 personal experiences and instances of rainforest herbal support to my health this month with 3 products, **Fiberzon, Recovazon, and Tea**, I am adding **Sangre and Gravizon** to my daily program, too. My overall health has improved, many specific symptoms did minimize, and I feel better when I have the herbal support in my daily program.

### **Holistic Nutritional Support**

I'm very excited to report that a new customer family in FL, with about 3 weeks experience eating the Amazon Herbs, has had an amazing transformation. By about the 5th day of eating the Amazon Herb **Rainforest Health Pak**, the husband and wife were noticing greatly increased energy the wife had lost 5 lbs and 2 dress sizes.

### **Holistic Nutritional Support**

The truly inspiring news was about her 81-year-old mother. Mom, who lives with daughter's family, had arthritis in her back, had a ruptured disk requiring surgery, had recently been in the emergency room with a stopped heart. Since coming home, she had done nothing but sit in her room looking at the wall. Then the daughter began feeding her the Amazon Herbs – **Rainforest Health Pak** herbs plus **Recovazon**. A week later, Mom was back on the treadmill working out with her daughter, was visiting the doctor and reporting 80% less pain in her back.

### **Holistic Nutritional Support**

As of day 22, the wife has lost 12 lbs, 4 dress sizes (size 16 down to 12), has considerably more energy, has extended her workout on the treadmill from 15 to 45 minutes, can get into her clothes, and has her sights set on size 10. The husband's knees and back no longer hurt (he does heavy physical work), he has greatly increased energy, and his wife is starting to notice his face and legs slimming down. The 81-year-old Mom feels great -- the pain is gone in her back, and she is using the treadmill 10 min per day.

### **Holistic Nutritional Support**

My 85 year old mother starting eating the and within about 3 weeks she called me to say she had TOO much energy. She had started cleaning the house at about 9 a.m., stopped to eat lunch at 12 noon and cleaned again until 5 p.m. at which time she called me and said she had so much energy she was thinking of remodeling the bathroom. My mother was always active but had never been able to clean all day like this or have this kind of energy left over.

### **Holistic Nutritional Support**

Since I've started eating the **Rainforest Health Pak**, I notice that I am stronger; more focused and generally feel healthier. I've been eating the herbs for 4 months now and I continue to feel better.

### **Holistic Nutritional Support**

When I was first exposed to the term 'treating systems not symptoms', I was a little skeptical. However, I have seen great results attesting to this philosophy.

I have had a lot of sinus problems over the last twenty years. Recently, I've noticed a vast improvement in my sinus problems. It seems to be from the support I'm getting from the Rainforest Health Pak and other Amazon Herb products. I'm very grateful that I was introduced to the pure and natural products from the Amazon Herb Company. I look forward to continued improvement of 'symptoms' brought about by a better balance in my SYSTEM. These products are great!

### **Holistic Nutritional Support**

Since using the **Rainforest Health Pak**, people tell me that I really look good (I'm 62 years old) and I notice that I don't get sick. Everyone around me seems to drop like flies but I'm fine. The other day one of my clients (I'm a massage therapist) said, "You sure do have a lot of stamina." I do feel stronger than I have in years. These Amazon products are really wonderful.

### **Holistic Nutritional Support**

I've been taking the **Rainforest Health Pak** along with the Warrior and **Sangre de Drago** for about 3 months. Not having a lot of experience with other natural products, I'm quite pleasantly surprised with the results so far. In addition to increased energy and clarity (which was noticeable right away), I have also noticed improvement in specific health issues.

### **Holistic Nutritional Support**

I gave some Calmazon and the last of my Kavazon to a lady who had recently quit smoking and opened a tea room. She just completed a \$200,000 renovation of a building for her tea shop. She opened to the herbs And she is beginning to remove the "edge" often caused by stress. The difference is apparent. Her employees are very grateful.

### **Holistic Nutritional Support**

I've been noticing that my smaller size clothes have been fitting me. I decided to weigh myself and found out that I had lost five pounds without trying to! I have not cut back on any of the foods I normally eat, and have increased my intake of chocolates! I remember reading somewhere that people eating Amazon Herbs lose weight without trying. I didn't pay too much attention to that, so now I'm pleasantly pleased.

### **Holistic Nutritional Support**

I notice is that during the day I may feel a sluggish period, but when I drink a cup of the **Treasure Tea** it picks me up again.

### **Holistic Nutritional Support**

I'm really happy that I started taking these herbs. One reason I was really attracted to them is because they are food, not drugs.

### **Holistic Nutritional Support**

After 70 Days of herbal support from a full complement of **Rainforest Health Pak**, **Recovazon**, and all of the **Amazon Herbal Formulas**, The 81-year-old grandmother has been given a clean bill of health by her doctor. He has said that she doesn't need to come back to see him unless she wants to. The wife's doctor has taken her completely off blood-pressure medications—attributing it to her consistent weight loss. This family is getting a whole new lease on life.

### **Holistic Nutritional Support**

I'm doing great with the products I am taking at the moment - **Arcozon**, **Digestazon Plus**, **Metabazon**, **Fiberzon Plus**, **Sumacazon** and **Illumination**. I will add the **Rainforest Tea** to my diet. I find that I really don't need to eat much anymore - my strength and alertness stay very high even through a five day fast. My body is in a rapid phase of evolution at the moment, much to my delight, and I am simply allowing it to happen.

### **Holistic Nutritional Support**

Intentionally, I have wanted to try almost every one of the Amazon Herb Products. I began with the **Rainforest Health Pak** and have so much more energy. I lost 13 pounds. A cyst in the web between her thumb and forefinger has substantially reduced and almost gone away.

### **Holistic Nutritional Support**

An active grandmother has used the **Aquazon** to keep her grandchildren more pleasant to be with and has used the **Una de Gato with Honey Vinegar** to effectively keep another grandchild with asthma from needing an inhaler.

### **Holistic Nutritional Support**

A lady with Fibromyalgia and a challenged endocrine system has been in a lot of pain for the last 4 years. She is amazed that the **Recovazon** gave her so much relief when none of the medications the doctors gave her helped. She will not be without the **Recovazon**.

### **Holistic Nutritional Support**

Last year my wife had a problem with fingers in her hand beginning to clinch up to a fist. Her fingers had to be slowly straightened by stretching the tendons which caused excruciating pain. The problem became progressively worse. For the last several months, she has been using **Arcozon, Una de Gato and Aquazon** faithfully. Tonight she told me that problem has seemed to gradually go away over the past month. Of course, she did not volunteer the information. Without a doubt, she takes her rainforest herbs daily.

### **Holistic Nutritional Support**

Chocolate has moved from guilt to total joy with **chocomaca**. I have trust in its true value for me.

### **Holistic weight management Nutritional Support**

We have had several people on the Health Pak who have reported losing weight without making any additional effort to do so. They had tried many other products unsuccessfully. All of these are also taking the **Digestazon Plus** with the **Rainforest Health Pak**.

### **Holistic weight management Nutritional Support**

It was time to correct my accumulated health challenges. Three years of continual support with the **full-field of Amazon Herbs**, a 3 times a week disciplined work-out program, and a choice to live a life of prosperity and abundance, has created all I have asked for. Nearly 40 pounds lighter, my days are filled with joy, enthusiasm, and a sense of well-being and contribution. The rainforest herbs are valuable to every one.

### **Holistic Nutritional Support**

I felt the vitality and life force with my first cup of **Shipibo Treasure tea**.

### **Holistic Nutritional Support**

My mother and I have never been close, and when it became necessary for her to move in with my husband and me, my daughter insisted that my mother and I both take **Kavazon**. My daughter kept repeating, "I'm so impressed! I'm so impressed!" Mother lived with us 15 months, and we got along better than anyone expected!

### **Holistic Nutritional Support**

My stick-to-it-iveness is greater in all areas of my life since I committed to daily use of **Amazon Herbs**.

### **Holistic Nutritional Support**

Since starting on the **Rainforest Health Pak**, I feel better than I ever remember feeling. My energy level is up, and I have more stamina. I even married a younger guy to be sure he could keep up with me!

### **Holistic Nutritional Support**

If you need energy, you need to try the Mind-Boosting Potion in the *Amazon Wild Herb Recipes* cookbook I call it the Energy/Mind-Boosting Potion. It's great! I use it before a day of massage clients as well as when I have an Amazon Herb booth at a show or fair. For day to day use, I cut the recipe in half! If I'm going to be away from home all day, I'll take half in the morning and carry the other half in an empty two-ounce bottle to take later in the day.

### **Holistic Nutritional Support**

I have always sought peak performance in all areas of my life. Amazon herbs have totally supported that goal.

### **Holistic Nutritional Support**

How very proud and happy I was to receive my Preservation deed, for personally being responsible for saving one acre of the Rainforest forever.

### **Holistic Rainforest Rest and Relaxation**

Try this recipe as "Food for the soul" to start your new year refreshed. A "rainforest herbal bath" is refreshing, invigorating and relaxing. The tension in my muscles will leave...it is great in the morning as well as at night. Use "Herbal Rainforest Bath" to let go and relax. For a more relaxing bath in the evening you add 1 scoop of **Power Mix**, 1 scoop of **Aquazon**, 1 scoop of **Recovazon** and 1 scoop of **Calmazon** to your warm bath water. In addition I also use 1-2 cups of sea salt or Epsom salt for cleansing purposes. Enjoy a 20-30 minute soak and breathe deeply. (Exhale longer than you inhale) It works also great in a Jacuzzi bath tub. It is a wonderful way of finishing your day. It gives you the opportunity to let go of tension in your body after a long day. At the same time it is refreshing and invigorating to me.

### **Holistic Rainforest Stimulation Bath**

For a stimulating "Herbal Rainforest Bath" to wake up and create your day you add 1 scoop of **Power Mix**, 1 scoop of **Aquazon**, 1 scoop of **Recovazon** and 1 scoop of **Warrior** to your warm bath water. In addition, I also use 1-2 cups of sea salt or Epsom salt for cleansing purposes. Enjoy a 15-30 minute soak and breathe deeply. It works also great in a Jacuzzi bath tub. As a perfect start to your day it provides a refreshing burst of energy and will awaken your senses. Buying these formulae in bulk is much easier than opening all the capsules.

### **Holistic Health Nutritional Support**

I have always gotten sick between Thanksgiving and New Years. Been on the **Rainforest Health Pak** for a month and didn't get sick this year. Thanks for alerting me to the fact that when bad things go away, we sometimes don't notice.

### **Sustained Energy Nutritional Support**

Working a late shift, Miss "T". tried **Shipibo Matte'** tea at 7:00p.m. And she had energy until 3:00 a.m.

### **Digestive system Nutritional Support**

My Mother was having severe "indigestion". She now uses "**Una de gato**" regularly and the pepto bismal she used to buy by the case is stored away under the counter.

### **Digestive System Nutritional Support**

Fiberzon freed me of parasites that I didn't know I had!

### **Digestive system Nutritional Support**

A lady who was taking milk of magnesia every day is telling everyone about the AH. She has been on the **Rainforest Health Pak** for 3 months. She was so impacted that they could not even do a scope of the lower GI. She has used the **Fiberzon** and the **Fiberzon PLUS**. She is telling everyone how excited she is to have a BM without pain or strain. She also has diabetes and is using the **Metabazon** with much success. Her recent blood sugar test was the best the doctor had seen since he has been working with her.

## **Digestive System Nutritional Support**

My husband has also had wonderful experiences and improvements in his health and life using the herbs. He travels a lot, all over the world. Sometime during his travels in Central and South America he developed ongoing problems with his intestinal tract. The **Fiberzon** and **Treasure Tea** cleared up his problems almost immediately.

## **Digestive system Nutritional Support**

Colleague with construction company had chronic gastro-intestinal problems, recommended acidolplus and **Digestazon Plus** to no avail. He was not interested in the natural and preventive approach.. After emergency surgery that required removal of section of intestines, I had his attention, he chose the natural approach, and his problems have vanished.

## **Digestive system Nutritional Support**

I "**Fiberzon Plus**" every day. The over-the-counter antacids are gone forever.

## **Joint and Muscle Pain Nutritional Support**

My friend is a painter. Long tedious hours of effort go into each painting. He puts "**Recovazon**" on his sore muscles. This relieves his "muscle Pain."

## **Bone and Bruise Nutritional Support**

Recently, I sustained a minor injury. While moving a weight bench, I dropped it on my big toe. Within a couple of hours, my toe was swollen and throbbing. I choose to try the **Sangre de Drago** when told how wonderful for blood vessel it is. I put it on after talking with her, and within an hour, the throbbing stopped. I put it on the next morning after taking my shower, and by noon, I realized, I had forgotten about the injury. I'm fairly active in sports and realized, this is the type of injury that I would have been hampered by, even in a minor way, for two weeks! "Thank you, Rainforest!"

## **Joint Nutritional Support**

At a trade show this fall, I gave a sample of **Recovazon Gel** to a lady at my booth that was complaining of chronic redness, swelling and inflammation of her index finger. She came back the same day amazed that the Recovazon immediately stopped pain and reduced the swelling.

## **Bone and Sprains Nutritional Support**

Ten years ago I broke my back in a car wreck and had not completely recovered. Last year I was carrying a 100Lb container of material down a flight of stairs and tripped into a one-flight-free-fall. The pain was so excruciating it hurt to breath. After 3 days on a sofa using **Recovazon/Calmazon** and massage I was still sore but on my feet. Soreness disappeared in one month.

## **Respiratory system Nutritional Support**

Four years ago, I had a bad case of bronchitis that persisted for a good month of coughing. I was also experiencing depression and energy depletion that gave rise to morbid thoughts of maybe I was getting so sick I would not be able to raise my son. I called one of my faculty and asked for her advice. She recommended that I get **Una De Gato** as soon as possible in my body. I placed an order, to arrive in a few days. The next day I went to a Subtle Energy Healing demonstration, I was coughing incessantly. Another faculty member saw my distress, went out to his car and handed me a bottle of **una de Gato**, and told me to take it every hour. I followed his directions and the cough immediately began to subside. It was gone completely in three days.

### **Holistic Nutritional Support**

At the Masters Seminar in Jupiter Florida, two years ago. I had a flare up of stabbing pain in my gall bladder. The seminar included an unlimited herb bar. I began taking **Una de Gato** in large quantities, and applying energy work to my gall bladder. I spent a good portion of the night processing layers of stored anger and resentment. In the morning, the pain had completely subsided and I had a wonderful seminar.

### **Holistic Nutritional Support**

I have been using the herbs for five months now and I have experienced so many wonderful effects and positive changes in my health and life that I am ecstatic! During the first two weeks of using the **Rainforest Health Pak** I noticed a significant rise in my energy level and a greater sense of well being. As the weeks progressed the increased energy and overall feelings of good health and well being continued, and grew, and replaced the usual ups and downs in my energy. I found that I wasn't feeling the need for an afternoon nap or falling asleep sitting up on the couch in the early evening. I also noticed that I wasn't craving carbohydrates, and that I was naturally gravitating to healthier foods, and feeling even greater levels of energy, clarity, well being, and motivation to accomplish more in my daily life.

### **Holistic Nutritional Support**

I also have noticed a sense of quiet, of being more in the moment, more aware, and more in control of my thoughts, speech, and emotions. I am finding that my relationships are working better and while some may question how much the herbs had to do with these sorts of improvements I know from experience that when I feel healthy all aspects of life are better. I function better! Thank you for the variety of Rainforest herbs and for making them available to all.

### **Holistic Nutritional Support**

Thank you so much for introducing me to the Amazon Herbs, I will let you know how I, my husband, my children, and our animals are doing as we continue to use the Amazon Herbs.

### **Holistic Nutritional Support**

We love the **Chocamaca**, it truly does satisfy the desire for something yummy and sweet and it gives a nice little boost. My spouse is blown away by the **stevia**, he enthusiastically tells everyone about it. He has gone from drinking three to four large glasses of lemonade a day, which contain huge amounts of sugar and calories, to drinking several glasses of **Treasure tea** with stevia. He gets all the health benefits they contain and he has lost weight by cutting out all the calories from the lemonade. Yeah!!!

### **Holistic Nutritional Support**

Last week one of my customers told me about a unique experience when attempting to renew her motorcycle license. She has always been visually 'restricted' for riding her motorcycle. Last week when she took the vision test, she passed easily. The examiners asked her if she had had laser surgery. She replied, "No." The examiners were suspicious thinking perhaps she had memorized the chart or something and had her take it again. She passed easily. They asked her what she had done differently since the last exam. Her reply was, "I've taken **Aquazon and other herbs** from the Rainforest for the past 6 – 7 months." That was the only thing she had done differently. **THESE HERBS WORK!** .

### **Peak Performance Nutritional Support**

**Warrior** helps ground me and I can literally feel the energy move down. I can think clearly and stay focused on my tasks better. I get a lot more accomplished because of it.

### **Pain from Surgery**

A cyst was removed from my spine last year before I started on the herbs. I have tried many things to get rid of the back pain. With the **Recovazon** there is no more pain.

### **Joint Pain Nutritional Support**

I first want to say thank you so much for introducing me to **Recovazon**. It is totally amazing.

I am only 30, and I am having trouble with my knees. It was to the point where I didn't want to go up the stairs at all. After talking to you, and trying the **Recovazon** you suggested, I got better, and fast.

I took twice the amount it said on the bottle, and the next day I felt a bit better, so the next day I took the same amount, twice as much as suggested, and the next day, boom, I woke up and could do the stairs without pain!!

### **Back Pain Nutritional Support**

At 10:30 p.m. after a dance rehearsal the other night, my 4-day old lower-back muscle strain (gotten from lifting railroad ties) was worse than on the first day. Even yoga and stretching exercises hadn't helped much. I'd been waiting 3 days for my reorder of **Recovazon** to arrive. I took a 1-tbsp squirt of Recovazon in warm **Rainforest tea** and went to bed, hoping that the back would be better by morning. Recovazon is magic stuff! When I awoke, no back pain. **Recovazon** belongs in every home's Rainforest pharmacy -- stories like mine are the reason why.

### **Joint Pain Nutritional Support**

After trying a splint, injections and physical therapy for a thumb tendonitis, I was able to move, pain free, after three days on **Recovazon** gel.

### **Pain and mobility Nutritional Support**

I have chronic pain with my scoliosis, but since I've been taking **Recovazon** and **Sumacazon** together, along with the **Treasure Tea**, I have a lot more fluidity in my back and have not had to go to the chiropractor hardly at all.

### **Joint Sprain and Swelling Nutritional Support**

A lady gave a sample of the **Recovazon Gel** to one who had sprained her ankle. When the cast was removed, she had a lot of swelling. The swelling went down and the pain was less in just one application of **Recovazon Gel**. She called and ordered the Gel for herself.

### **Joint Mobility and Pain Nutritional Support**

A massage friend of mine has had a shoulder with the rotator cuff causing much pain and lots of pain in movement of the arm, especially when reaching. I put liquid **Recovazon** on the shoulder and a hot cloth and left it there until the cloth cooled. She had some immediate relief and approximately 10 minutes later reached for something without the severe pain appearing. This was about three weeks ago and she has continued this treatment every night and it is really improving. She had tried many alternative methods and did not have the great results she received from the **Recovazon** and wet heat.

### **Joint Nutritional Support**

Another young man who has been using some of the Amazon Products just broke his ankle. He has added more **Recovazon** to his daily routine and can tell a great deal of difference.

### **Joint Nutritional Support**

I woke up with a sore knuckle recently, and immediately massaged **Recovazon gel** into the knuckle and surrounding area. The pain went away and has not recurred.

### **Joint pain Nutritional Support**

I have a massage client who is having soreness in his neck and in his knees. He purchased a tube of the **Recovazon gel** and reports that it takes away the pain.

### **Joint and Bruise Nutritional Support**

My brother was out visiting us in Montana and he has bad knees. He didn't think he could even do a 5 mile hike. I gave him some **Recovazon Gel** to rub into his knees before, during and after our hike, and he felt no pain after a seven mile hiking day. So, I had a tube sent to him. He took his new dog for a walk on his bicycle, had a bad fall, thought he had broken both wrists, and chipped his hip. He used a bunch of the Gel, and was playing golf within the week.

### **Joint pain Nutritional Support**

My sister used a little on her tennis elbow before giving it to the lady, and it never came back (that was a month ago). She put on one application. She has complained about that elbow for years, and she doesn't even play tennis.

### **Joint and Bruise Nutritional Support**

My husband and I were on a 13 mile hike last week, and with 3 miles to go, on the downhill, I twisted my ankle, fell, and didn't know if I could continue. I was lucky to have a tube of the **Recovazon Topical Gel** on me and rubbed some into my ankle. I was up in no time and hiking away. THEN, my husband fell a mile down the trail, and came careening down the hill and toppled over. We thought he might have broken his ankle. Of course we rubbed Recovazon Gel in immediately, (quite a bit of it) and he was able to finish the hike with only a little soreness afterward, which went away as the swelling went down, within a day.

### **Joint Nutritional Support**

Went on a hike with my husband on a Wed and woke up with a sore knee on Thursday. Put some **Kavazon** on the knee area and rubbed **Recovazon Topical Gel** on top. Did that twice in the period of about 3 hours and my knee is so back to normal I almost forgot to notice.

### **Toe Joint and Pain Nutritional Support**

A dislocated little toe with a torn and bleeding toe-nail had me hobbling to the kitchen for a bottle of Recovazon liquid. I doused the toe and area with many stopper-fuls. I realigned the joint, stuck the nail down the best I could, and put on some more Recovazon. The pain subsided, and the bleeding stopped. I rested for 10-15 minutes, cleansed the foot, re-applied Recovazon and limped carefully back upstairs. Within the week I was back in regular shoes, walking as if nothing had happened.

### **Respiratory system Nutritional Support**

My eight year old son, developed a cough the night before last, after eating several holiday cookies, laden with food coloring and assorted chemicals at his cub scout meeting. We made some **Rainforest tea** with a few additional squirts of **Arcozon** and **stevia** and rice dream. He immediately stopped coughing after drinking the tea. When he started coughing again a few hours later another cup of tea would abate the cough. Today he played hard, served himself the tea when he needed it, and the cough appears to have completely subsided.

### **Respiratory System Nutritional Support**

Wife had chronic ear ache for a month. When she chose to take **Arcozon** and **Recovazon** the pain vanished within 10 minutes

### **Respiratory system Nutritional Support**

My friend made a pitcher of **Shipibo Treasure Tea** and drank it the "night" before he went to "bed". He woke up in the morning and all of the "congestion" and phlegm released from his body in the morning. The tea is now his regular drink.

### **Respiratory Nutritional Support**

Sinus drainage caused me to have a sore throat. Gargling with **Una de Gato /Honey Vinegar** immediately relieved the soreness.

### **Respiratory system Nutritional Support**

I "restarted "**Aquazon**" and my breathing and "anxiety" is not present.

### **Urinary Nutritional Support**

A friend we have known for several years has had a kidney stone lodged for 10 years. When he started the **Rainforest Health Pak**, he passed the stone with no pain. He also lost 7 lbs. of water the first day and he started on the Amazon Herb products.

### **Urinary System Nutritional Support**

A lady had a urinary tract infection at the time of our party, and had an appointment to see her doctor in a few days. She drank a lot of **Rainforest Tea** that day and the next day the infection was gone. She chose to cancel the appointment, giving credit to the herbs, saying the herbs were fabulous.

### **Urinary system Nutritional Support**

My dear husband works with plumbing and wastewater problems in his job. He takes **Envirozon** to help keep the toxins "flushed" out of his system! He loves it.

### **Endocrine system Nutritional Support**

For minimizing "hot flashes" make sure you try **Lunazon**.

### **Endocrine System Nutritional Support**

My health is good and I am very active. I am a massage therapist and have given as many as 20 massages a week. I had started experiencing the more serious symptoms of perimenopause -- hot flashes, waking up many times during the night and weight gain -- when I got a call about Amazon Herbs. I learned that the Herbs might be a way to even out the perimenopause. I thought it was worth a try, so I started the program.

Within the first month of taking the **Rainforest Health Pak** my hot flashes at night totally stopped. During this time I was offered a full time job, which I took. I also continued with my massage practice in the evenings and on Saturdays. For some months now I have been comfortably working this schedule, having lots of energy. My friends think I'm crazy and wonder why I'm not exhausted.

### **Metabolic system Nutritional Support**

The **Choca Maca's** are wonderful at keeping my blood sugar level balanced, besides tasting great!

### **Endocrine System Nutritional Support**

Until recently I still woke up once every in the night around 3AM, and I wanted to change that pattern. I started taking **Lunazon** and now sleep right through the night.

### **Endocrine system Nutritional Support**

**Lunazon** is helping balance my female hormones. It's helped relieve hot flashes, as well as make the "hairs on my chiny-chiny-chin" go away!!

### **Endocrine system Nutritional Support**

Since being on the **Rainforest Health Pac**, seems like when I wake up at night, I can more quickly go back to sleep. Also, my hot flashes seem to be getting less intense.

### **Endocrine System Nutritional Support**

I use **CamuC** to help control my anger. Got really mad at my son the other day. Rubbed CamuC on my face and the anger went away.

### **Metabolism system Nutritional Support**

Whenever I have a yearning for chocolate or something sweet, I just pop a **Chocamaca** in my mouth and let it slowly dissolve. By the time it's gone, my craving is gone as well!

### **Metabolic system Nutritional Support**

**Metabazon** keeps my blood sugar from the old energy drops I used to have.

### **Mental Clarity and Focus Nutritional Support**

I had a student recently who was not absorbing the names of the muscles. After four hours of whole-brain play around a dozen muscles: stretching, palpating, studying diagrams, massaging, naming repeatedly, my student continued to draw a blank when I quizzed her. She was plenty intelligent, so I remarked that she needed to improve her brain chemistry and take some of my herbs from the Amazon Rainforest to help her focus. She immediately volunteered that she would like to try them. I gave her an **aquazon** capsule and some **una de gato**, after several days of these two formulas, she tried the **Fiberzon**. The next day she raved how clear headed she felt. She ordered the whole **Rainforest health pack**. Last week I had the students give me a midterm bodywork session and she gave me the most outstanding session of the class.

### **Mental Clarity and Focus Nutritional Support**

We have worked with several students who have had trouble with staying focused. The **Aquazon** has worked very well.

### **Endocrine System Nutritional Support**

After 3 weeks of eating the **Rainforest Health Pak**, my hot flashes went away, my night sweats stopped and people were asking me what I was doing because I was calmer.

### **Endocrine system Nutritional Support**

My weight seems to have stabilized, no more putting on four or five pounds the week before my period, and then working to take them off the weeks after, only to repeat the cycle the next month. I also found that the menstrual problems I had experienced most of my life improved drastically. Before the herbs my period would take several days to get going and then would start, and stop, and drag out over ten days to two weeks. I also had severe cramps and often times modified migraines that would make it hard if not impossible to carry on with my life without disruption. Since using the herbs my period starts with a healthy moderate flow, continues without stops and starts for five to six days, and is then over. What cramps I do experience are so much less severe that I haven't had to take any pain medication. I haven't had a migraine in the last five months and my life hasn't been disrupted do to my period.

## **Restful Sleep Nutritional Support**

I use **Calmazon** at night to relax the muscles so I can go to sleep.

### **Restful Sleep**

Since I've been taking **Calmazon** at bedtime, I'm experiencing a deeper sleep, no longer wake up tired, and sleep fewer hours.

### **Restful Sleep**

Leaving a glass of **Rainforest Tea** on my bed stand to sip from when I get up during the night has kept me hydrated and nourished at night. I wake up fully, well-rested, and get about my life early in the morning so much better than people half my age.

### **Restful Sleep**

A squirt of Kavazon in a glass of water, sipped before sleeping will often minimize snoring.

## **Mental Clarity and Focus Nutritional Support**

I had to give a speech and usually I get really nervous. Just rubbed **CamuC** on my face before it was my turn and I felt calm and focused. There is even something about the smell that really calms me down. I never want to be without it.

## **Holistic Reawakening Nutritional Support**

" I began using the **Rainforest Health Pak** about year and a half ago, and have realized many benefits, from clarity of mind to a "reawakening" of body. (Least of which has been a phenomenal relief from allergies). Over time, I've continued to add to the basic formulas, to create my own "Rainforest Pharmacy", as recommended by my sponsor."

## **Circulation Nutritional Support**

I kept losing my glasses because I would take them off to read. My Optometrist was puzzled by my radical vision improvement ( from 20/30 corr to 20/10 corr. ). Later I listened to other stories and I found I could probably attribute this enhancement **Aquazon's** support of my body.

## **Bulk formula purchases**

Because my dog is also on massive herbage, I have bought many of our Amazon Herb formulas in the 500gram Bulk containers. The convenience for everyday usage a home is something everyone will appreciate.

## **Clean and Green**

When my son was visiting over the holidays his ear bled onto his pillowcase. The blood had set and dried and I anticipated that it would be a permanent stain. I sprayed some **Clean and Green** on it (dilution 1 oz. to 15 ozs.) and washed it as usual. The pillowcase was good as new!

## **Power Mix**

I like to drink the **Power Mix** as a warm beverage. I mix it in a swiss "grain coffee" beverage. . It is great. Totally supportive and convenient. Warm and Delicious ! Use **1 teaspoon of the "Power Mix Powder"** and your "grain". Add boiling water, add "Soy milk creamer or "Vanilla Soy milk" and some Honey to taste. Enjoy the feeling of strength, joyfulness, and nourishment and relaxation.

## **Una de Gato / Honey Vinegar**

**Una de Gato/ Honey Vinegar** is wonderful to use with olive oil for a delicious and nutritious salad dressing.
